EUROPE LASHED  
BY FIERCE GALES

Great Havoc wrought to Shipping  
—50 Persons Have Lost Lives  
on Shore and at Sea.

London, Feb. 20.—A British liner and the whole west coast of the continent from Denmark to Southern Portugal are being lashed by terrific gales and great damage has been wrought in both ports. More than 50 persons have lost their lives at sea.

London. This morning a wave of from 200 to 250 feet high, with many points in the north and within the city more than three hundred wave lines are down River Tyne. The waves are so high that have been forced to take refuge from the fury of the storm which is the culmination of a long stretch of severe weather.

Every incoming liner reports terrible seas and the loss of many lives. The loss of the few small craft reached London today and it is believed that many fishing boats have been lost. Efforts have driven to disaster on the rocks.

In many parts of Great Britain conditions are far from normal. Efforts are being made to re-establish communication with the outside world.

The telephone system is almost clean of vessels and those remaining are the treacherous neck of waters are the object of constant anxiety.

The Wilson liner Galileo from New York was driven ashore in the storm at sea and the crew and passengers were despatched to the Humber. Efforts were made today to re-establish communication with the outside world.

Antiguan Women Saved her Life in Fire Which Damaged Five Houses.

Antiguan, N. S., Feb. 20.—D. G. Kirk's magnificent residence on Main Street was badly damaged by fire last night. The fire was discovered when the fire was discovered had a narrow escape from suffocation. She was able to get out of the house and discovered the whole staircase a sheet of flames. Escape was cut off, and every corner of the house filled with smoke. It was Mrs. Kirk's coolness and presence of mind that saved her. Going to a window she called for help and when no one responded she laid out a blanket and sat down.

This is Taken to Indicate That Government Will Encourage Triumphant From Crisis—Redmond Told to Form Cabinet—Nationalists Expect Government to Do.

London, Feb. 20.—The various vacancies in the ministry have been filled by Premier Asquith, which is taken to indicate that the government will emerge triumphant from the crisis. The new ministers are Ernest Scott as Minister of War, Wedgwood, lord of the treasury, Edward Montagu, lord secretary for foreign affairs, and Sir George Curzon, postmaster general.

Premier formally announces to the world that he will be Premier again and will announce his program at the earliest opportunity.

The political situation is most confused. Unless the unexpected happens, the ministry will be in power for at least a month, and the Nationalists will be held in check.

It is stated that a Conductor Bishop with the right of succession will be appointed to the Chancery, Bishop of Indianapolis.

A new diocese will be created in the American church, and it is believed that the diocese of Cleveland is to be divided with the new diocese of Toledo.

By the end of January this year it was favored entertainment but that it had been abandoned at least for the present.

## TWO NEW DIOCESES FOR WEST

Cleveland Diocese Will Not Be Dis-  
closed—Conductor—Congregation  
Takes Up Appeal.

Borneo, Feb. 20.—In addition to the epidemic of smallpox made during the last fortnight, the consistorial congregation will this week consider several other cases of smallpox. Two new dioceses will be created in the west, one at Crookston, the other at Bismarck.

In appointing the bishop to these new sees the Roman congregation will be primarily guided by the views of the American Prelate of St. Paul, and Archibishop Keane of Dubuque, both of whom have aided forward the cause of the new dioceses.

It is stated also that a Conductor Bishop with the right of succession will be appointed to the Chancery, Bishop of Indianapolis.

A new diocese will be created in the American church, and it is believed that the diocese of Cleveland is to be divided with the new diocese of Toledo.

By the end of January this year it was favored entertainment but that it had been abandoned at least for the present.

## LLOYDMINSTER CARNIVAL

Original and Popular Costumes  
Shown—Death of Well Known  
Resident.

Lloydminster, Feb. 6.—A brilliant carnival followed the hockey match here Friday. There were some very original and clever costumes, and the best was a "Death of a Well Known Resident."

Two of the most popular costumed were: Mrs. Elmira Spier, B. Holmes, Miss Currie, Irwin, Lee, Lyons, and Mrs. Miller, B. King.

The unexpected announcement of the death of Mrs. George Morris has caused a great stir in the town and among friends in this town. Mrs. Morris was the daughter of Mr. Gee and made a home in the city. She was a councillor and Mrs. Gee in their service.

Arthur Holland has purchased the well-known farm north of the town, belonging to Mr. B. King.

Shockingly Fatal at Emerson.

Emerson, Feb. 20.—As C.N.R. switchmen were spotting a car opposite to a house when a boy from Emerson Junction this evening Joseph, aged five, son of Samuel Kennedy, freight clerk, was hit by a car and the boy fell to touch the car and losing his balance fell under the car which stopped nearly at once.

A seven year old boy, brother to the boy who was hit, fell down and struck the fireman and the child was removed. The child's arms and he died within a few minutes.

In Following the Races.

Windsor, Feb. 20.—Information that may lead to the finding of Chester Tamm, 16 years old, son of Mr. and Mrs. Robert Tamm, of the city, who disappeared six months ago, has been received by John Hanson of Jacksonville, Fla., who stated that the boy ran off with a racing stable from Windsor and is still following the horses. The mother is ill as a result of worry.

Hanged Himself With Necktie.

New Westminster, B. C., Feb. 20.—J. B. Sargent, son of Archdeacon Sargent, an Appleton, who had been a student of the University of the city, who disappeared six months ago, has been received by John Hanson of Jacksonville, Fla., who stated that the boy ran off with a racing stable from Windsor and is still following the horses. The mother is ill as a result of worry.

STRIKE RIOTING  
IN PHILADELPHIA

100 Persons Injured in Riots Resulting From Street Railway Men's Strike.

Philadelphia, Feb. 20.—More than 100 persons were injured in a series of riots in the troley men's strike here today, many of them seriously.

One little girl was shot in the side, and another was shot in the head, but probably died. Four thousand extra policemen are to be recruited to cope with the situation, it is reported. The state constabulary will be called out.

A general strike of union men affected 10,000 men in the city.

The Rapide Transit company declared it will spend every cent in its treasury rather than give in to the strike.

C. O. Pratt, for the strikers, declared that he will not compromise.

One man was killed and 100 were injured.

One boy was shot in the head.

One man was shot in the head.

## SPORTING NEWS

## HOCKEY.

## QUEENS VARSITY.

Toronto, Feb. 19.—Variety, the chosen Saturday night, to clinch the senior intercollegiate championship by losing to Queen's in ten minutes overtime, by 15 to 12. Both teams were evenly matched, 6 to 6, and at full time 15 to 12, while the first five minutes of the overtime, the score was 15 to 15.

Varsity management made a fatal mistake through failing to let the five minutes run, as the time when the two teams were playing strong. The rest helped Queen's more than Variety, for they were more than half pasted up, disengaged, during two of Variety's kills.

The result of the game makes it up to Variety, who had been held to a 12 to 12 tie with the champion during the overtime of Varsity, losing a three-cornered, it will result among Variety, Queen's and McTavish.

## HOCKEY, GREAT CORSET.

Edmonton, Feb. 20.—Beefers beat Cobalt last night by a score of 12 to 7.

## WANDERERS 7, OTTAWA 5.

Montreal, Feb. 20.—The Ottawas, the Stanley cup holders, met defeat for the first time this season, as the Wanderers never had a better game, winning by the score of 7 to 5. A crowd of nearly 5,000 jammed itself into the arena and the play was as good as any seen in the city. The play ended with the same furious pace as it began. At no time during the 60 minutes of play was there a lull.

The Ottawas have witnessed more brilliant games, but never one so evenly contested. The Wanderers, however, took one goal apart until the last ten minutes when the Wanderers scored two more.

The score was tied to no less than five times, the cubes dividing the first ten games, which consumed 47 minutes of play.

Small, a Montrealer, who had just quit the Cobalt team, played with Ottawas but at no time did he score. He did not play up to his reputation as a star.

Apart from the scoring, the Wanderers never had a better game, and when the result indicated, only Leeser's wok guarding the goal, kept the battle even.

He made ten stops in the first three minutes of the second half and was not beaten again.

During the same time, Hera, the Wanderers' goalkeeper, never touched the post.

At half time the score was three to three.

After five minutes of the second half the Wanderers scored and led for the remainder. Two minutes later Ottawas evened up.

Eight minutes of desperate playing ensued until the Wanderers went to the front again. They took one of the most brilliant plays of the game, when, in a minute and a half, the ball was carried from the Ottawas' end to the Wanderers' goal.

As the ball song rag started, scored, but the Ottawas were too late to be counted.

Russell, who scored four times, Johnson and Hyland played brilliantly for the Wanderers, while Hera, Birk and Roberts carried off the honors of the upholsters.

The Ottawas and Ottawas are now a tie for first place in the national series and the championship is expected to depend on the game in Ottawa next month.

Tonight Ottawas, McTavish, Bruce, Roberts, McTavish, and now Roberts had his collar bone broken in the Ottawas' game a few weeks previously.

## FROM A FRIENDLY SOURCE.

The Canadian Courier, said to be edited by a prominent Toronto Conservative, has this to say about Mr. Borden's right-about on the naval question—

The situation is absolutely clear. There is no room for a policy of a sad loss of revenue and payment or else a weak-minded resort to a dangerous and costly experiment. So far as we are concerned, we believe this is too well informed—and has too much weight to be of any value in any discussion on any other ground than political necessity.

However, definiteness and unity of purpose are the chief requirements which is so sadly divided on a question like this, as the Conservatives are on the naval matter.

GOING A BIG BUSINESS.

Canada's grain trade for January was 30 per cent. more than for January last year and for the first ten months of the fiscal year shows a growth of 31 millions, more than half being agricultural products. Unfortunately there is no way of keeping track of the growth of internal trade. That is growing as fast as the Republic is able to find markets for her goods. As a matter of fact Germany used to be the chief market for Canadian grain. Under the new treaty, this is to be held in abeyance, however, and Germany consented to the trade arrangement on condition that the surtax only be removed. So far therefore as there is a "best of it" in such matters Canada is in a position to do well.

It is time to look for markets. Had Canada been content to go on with out any special attention in this direction, it could under the handicaps imposed in a spirit of neutrality, this arrangement of probability would not have been possible. The Canadian grain market, however, has been known to be looking for opportunities to secure the admittance of Canada's goods into other countries on the most favorable terms. It was with this end in view that they appointed a Foreign Trade Commission which was formed and the securing of which has no doubt done much to bring Germany into a more sensible frame of mind toward us.

There is a splendid opportunity for Canadian food stuffs in the German market. Germany is largely a manufacturer and importer of foodstuffs. A foodstuffs display restriction has been a temptation. Any way it would be more impressive if beside the can were hung a stout leather strap, 2 1/4 inches wide, by a foot and a half long. The thought of the law and its penalties and the import restrictions would be a temptation to a boy or girl, or it may not, but a recollection of the exorbitant cost of these wholesome sentiments. It has a way of getting to the real seat of the German mind, the better sense of the wisdom and soundness of obeying the rules. As the smoking is said to be done outside the school premises and outside school hours, the home rather than the school would be the proper place for displaying these regulations.

## PULLING DOWN THE BARRIERS.

Several years ago Canada granted a preference to the Mother Land in tariff on meat and foodstuffs. Britain came in under the same duties that were charged on those from other lands. To make the preference effective, Britain denounced the "favored nations" treaty with Germany which seemed to German products the same treatment as the British colonies were given to British goods. Germany soon came onto a level with those of other foreign lands in respect of the Canadian market, and were admitted at the same tariff rates. Germany seems to have accepted this and put the highest duties on the German goods on Canadian goods entering this country.

We have not been doing much business with Germany, which is the same time as to say that time is money.

For however useless it may be to create trade they are potent to destroy it. Canadian people could not afford to import German goods under the higher duties, and the German people could not afford to buy Canadian goods under their high tariff charge.

In 1906 we traded with Germany only to the extent of 7 and a half millions, against 13 and one-half millions in 1902. During the same

time our trade with Britain grew from 160 millions to 294 millions, our trade with the United States from 198 millions to 222 millions, and our total foreign trade from 414 millions to 179 millions.

Of late, however, there have been a number of changes in the attitude of "barriers" of the two countries toward each other. A movement begun in Germany to lessen the handicaps in the way of trading with Canada, Economic and sentimental reasons, were behind this movement. The German people want food and Canadian markets for their surplus food.

The situation in this direction has been taken now, and an important one. A provisional trade agreement has been made whereby Canada takes off the embargo, while Germany allows our embargoes to stand.

The conclusion of the new treaty lessens the burden of the German government to do well in making a market for Canadian products.

Germany is a great rival of France in industry and commerce and is just as anxious as the Republic to find markets for her goods.

As a matter of fact Germany used to be the chief market for Canadian grain. Under the new treaty, this is to be held in abeyance, however, and Germany consented to the trade arrangement on condition that the surtax only be removed.

So far therefore as there is a "best of it" in such matters Canada is in a position to do well.

## THE CIGARETTE CURE.

Cards are to be posted in the hallways of the schools, warning pupils that cigarette-smoking is forbidden by law.

Perhaps this will be a deterrent and will help to cure some a too freely displayed restriction by a temptation.

Any way it would be more impressive if beside the can were hung a stout leather strap, 2 1/4 inches wide, by a foot and a half long.

## OPPOSED TO CANADIAN NAVY.

## Big Meeting in Longueuil in Opposition to Navy.

Montreal, Que., Feb. 20.—Strong antagonism was shown to the government's naval programme at a meeting of French Canadians held at Longueuil, a suburb of Montreal, yesterday. The attitude of the two countries toward each other, which is now engrossing parliament, was the first of the French Canadian meetings held to discuss the naval defence matter since F. D. Monk made his famous speech in the House of Commons.

Attendance was large. Although few speakers of any importance were present, there was a big crowd, nearly three thousand, from all parts of the Province and from Montreal.

When the meeting was opened, the speaker was told that the House had voted a cent in every household in the Province.
